MUFPP category and other impacts
Cities were requested to submit practices according to the 6 MUFPP categories...but they have impacts also on other topics.

How can we improve the integration of policies to multiply the impacts?
from single projects to interconnected actions and impacts
Food is a good entry point for

- Economic development
- Welfare
- Health
- Climate change
- Urban environment
- Etc.

How food can be implemented in ordinary and sectorial policies?
The Role of Cities in the Transformation of Food Systems: An evolving process

- Integrated food policy and practice to match urgent challenges
- Strengthening food systems through urban-rural linkages
- Integrated approaches to municipal food system governance
- Partnerships and alliances among diverse stakeholders in food policy and practice
We have a MUFPP toolkit (Framework for Action, practices, indicators, supporting actors)

What capacities, resources, and skills in the municipalities?

Where is food in the assembly box of our cities?
