Purpose of the report
In order to support a good level of governance and a high level of participation from signatory cities, a transparent set of principles for the operation of MUFPP internal bodies should be established.

The present report brings forth a set of rules on the internal governance for the Steering Committee (SC) of the Milan Urban Food Policy Pact (MUFPP) and its Secretariat. The request for drafting the document is made upon request by the Steering Committee to the MUFPP Secretariat at the SC meeting held in Tel Aviv-Yafo on 5 September 2018.

This is the final consolidated version approved by the SC at its meeting held on 16 January 2019.

Structure of the report
The report consists of three Parts. Part A presents a brief overview of the current status of the MUFPP governing bodies (the Steering Committee and the Secretariat). Part B sets forth the draft proposal for the operation of the MUFPP governing bodies. Additional documentation is available in Part C (Annexes).

A. Background on the Pact – Operation of the MUFPP Secretariat and Steering Committee
As of 15 January 2019, the MUFPP counts 180 signatory cities. For a complete list of signatory cities see http://www.milanurbanfoodpolicypact.org/signatory-cities/.

In May 2016, the Drafting Committee\(^1\) of the MUFPP voted to define the future governance of the MUFPP by establishing the Steering Committee and its informal internal rules. The Committee also established the criteria and requirements for the selection of hosting cities of MUFPP Annual Gatherings.

Furthermore, the first edition of the Milan Pact Awards was presented at the same meeting.

\(^1\) Members of the Drafting Committee were (in alphabetical order): Baltimore, Belo Horizonte, Bethlehem, Dakar, Douala, Medellin, Milan, Sao Paulo, s-Hertogenbosch, Tel Aviv-Yafo and Turin.
The MUFPP Secretariat
Since May 2016 the City of Milan ensures the operation of the MUFFP Secretariat through the establishment of an Office with a dedicated staff within the Milan Municipal structure.

The Secretariat coordinates activities related to the MUFPP Annual Gatherings and the Milan Pact Awards, supports the activities of the Steering Committee, facilitates activities of and interaction amongst member-cities and collaborates with related global and regional networks and organisations, including UN-System bodies, to activate processes to address international debates and negotiations (New Urban Agenda, G7 Health and Global Nutrition Summit 2017, WUF9). Furthermore, the Secretariat worked with international partners, such as the Eurocities and C40 Networks, to establish specific working groups on food.

The MUFPP Steering Committee
The Steering Committee is the representation of the MUFPP signatory cities. Currently, it is the governance structure to support the operation of the MUFPP Secretariat.

Any MUFPP member city may run for a position in the SC. Signatory cities may bring forth their spontaneous candidacy to become Steering Committee members.

The Assembly of all MUFPP Signatory cities votes for the Steering Committee members belonging to their own geographic areas: Africa, East Asia, Southeast Asia & Oceania, Europe, Latin America, North America, South and West Asia.

For the 2016-2018 mandate, the Steering Committee is composed of 13 member-cities as follows:

- **Africa**: Abidjan, Dakar, Nairobi;
- **East Asia, Southeast Asia & Oceania**: no cities;
- **Europe**: Athens, Milan, Valencia;
- **Latin America**: Belo Horizonte, Buenos Aires, Sao Paulo;
- **North America**: Baltimore, Toronto;
- **South and West Asia**: Astana, Tel Aviv

C. Annexes

1. Criteria and requirements to select hosting cities of MUFPP Annual Gatherings (MUFPP AG)

Candidate Cities, in order to be considered for hosting an MUFPP AG, must provide for:

1. An adequate hosting venue;
2. Organizational and logistic expertise in managing large international events;
3. Full financial means to support the entire organization and logistics of the event (catering, interpreting, technical and ancillary services etc.); travel expenses and hospitality for participating members of LDCs (Least Developed Countries);
4. Annual Gathering event theme and concept;
5. Integration with MUFPP themes;
6. Synergy with a larger international context;
7. Dates proposed - MUFPP Annual Gatherings shall take place around the World Food Day (mid-October);
8. Adequate online platform (website) dedicated to the event, real-time release of information (photographs, videos, etc.) and PR strategies to increase media coverage (print and online media).

It is suggested that in the 2019-2021 biennium, the SC elaborates a proposed funding model, also in view of widening the number of possible host cities to the Annual Gathering, in collaboration with the MUFPP Secretariat.

2. Proposal for new election process of the Steering Committee

From 2021 onwards, the next Steering Committee could discuss and evaluate a new election process staggered so that not all the cities go off the Steering Committee at once. A maximum number of three members would rotate off the Steering Committee each year, respecting the geographical balance of the main MUFPP body. In the meantime, it is expected that some members of the 2016-2018 Steering Committee will serve also in the 2019-2012 Steering Committee, in order to ensure institutional knowledge and leadership apt to facilitate the work of new cities elected to the body.
